- VTSK-36-13

The Verti-Trak Sidekick offers unlimited versatility while maintaining tool orientation in a constant perpendicular position. Thus, faster alignment is assured and rework is minimized. When used with drilling or tapping tool, hole quality is greatly improved over hand held methods. Ergonomically designed, the Verti-Trak Sidekick produces minimum workspace obstructions, maximum operator flexibility and attractive workstation additions. The unique height adjustment feature and 360° swivel capability make the Verti-Trak Sidekick adaptable to a variety of changing requirements. The Verti-Trak Sidekick prevents torque reaction from 0-40 ft.-lbs. from being transferred to the operator's hand. All units include 36" high swivel post, coil hose, supply air hose, spring balancer, 1/4" x 1/4" and 1/4" x 1/8" NPT steel nipples for air tool hook-up, mounting screws and Verti-Trak Sidekick Torque Reaction Arm.

FEATURES

- Maintains tool in a constant vertical position
- Exclusive height adjustment
- Superior reach capabilities of 3" to 36"
- 360° swivel
- No torque reaction up to 40 ft.-lbs.

APPLICATIONS

- Screwdriving
- Drilling and tapping
- Automatic screwfeeding
- Impact wrenches
- Impact tools
- Pulse tools

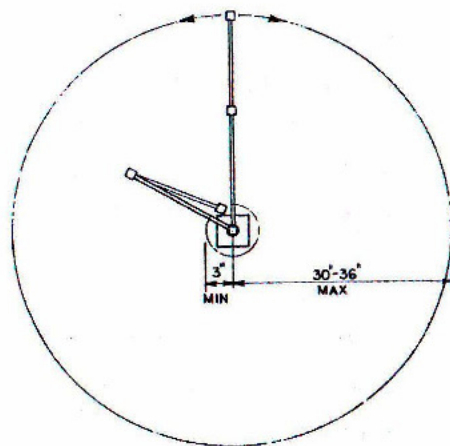

VTSK-30E

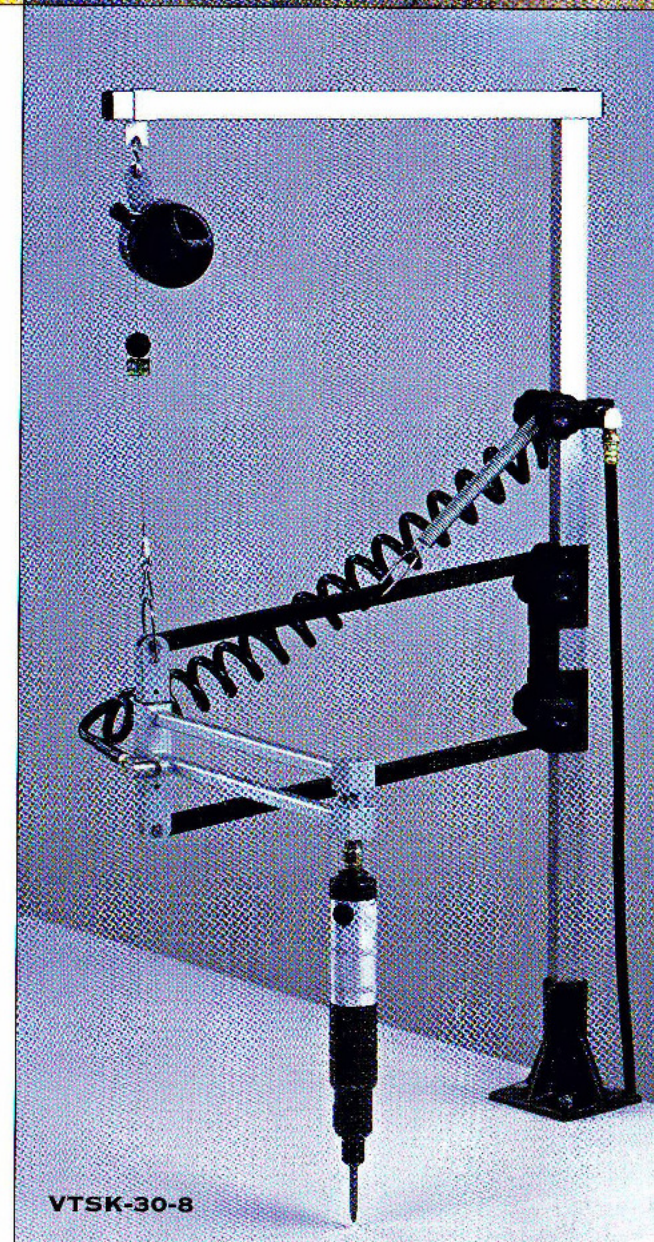

SPECIFICATIONS

Model	Min. Reach	Max. Reach	Stand Height	Max. Tool Weight	Features
VTSK-30-3	3"	30"	36"	3 lbs.	Includes all air fittings and hoses
VTSK-36-3	3"	36"	36"	3 lbs.	
VTSK-30E	3"	30"	36"	3 lbs.	For electric tools or air tools with air supply inlet ports not in line with tool axis
VTSK-36E	3"	36"	36"	3 lbs.	
VTSK-30-8	3"	30"	36"	8 lbs.	Includes all air fittings and hoses, 18" boom and supplemental 5 lb. balancer
VTSK-36-8	3"	36"	36"	8 lbs.	
VTSK-30-13	3"	30"	36"	13 lbs.	Includes all air fittings and hoses, 18" boom and supplemental 10 lb. balancer
VTSK-36-13	3"	36"	36"	13 lbs.	

Work Station Coverage

Options: SK-ETM tool mount for use with electric tools or air tools with air supply inlet ports not in line with tool axis.
SK-RAM-VT accommodates any right-angle tool up to 2-1/8" diameter.
